

2022 AGENT FOR THE FUTURE AWARDS

Application Guide

Overview & Advice

Thank you for your interest in applying for the 2022 Agent for the Future Awards! The following offers practical advice for how to craft a compelling application and inspiration for the types of information to highlight in your submission.

This year's award application consists of three short essay questions. The submission form also includes a short prompt on advice for other IAs to be used for promotional purposes only, along with some basic agency and contact info. *We anticipate it will take about an hour to thoroughly complete.*

While the online form allows you to pick up where you left off, we encourage you to draft responses in a word document before inputting online. This will help ensure your work is saved and gives you an opportunity to send your submission to others in your agency before submitting. *To help get you started, a blank submission form has been included below along with questions and examples to help you kick-start the essay responses.*

The best responses will be clear, thorough and focused on how the nominee fits the category description. *Category descriptions can be found on the [award landing page](#).*

Responses should also offer enough detail to give judges a good understanding of your agency, approach and vision. As much as possible, work to showcase the three judging criteria in your written response:

- **Innovation** – what you are doing differently than other IAs
- **Creativity** – how and why you are doing things differently
- **Impact** – the results you've achieved or hope to achieve

Things to have handy as you fill out the online form:

- General agency information – website link, social media accounts, etc.
- At least one photo (and up to three photos) of your agency team and/or a headshot of the individual being nominated
- Your agency's logo
- Your agency's approximate annual revenue (if you are applying in the Outstanding Agency category)

Have any questions? Please reach out to us at AgentForTheFuture@Safeco.com!

Blank Submission Form

- Exclusively small commercial
- Other?

How did you hear about the Agent for the Future Awards?

- Social media
- Email
- Agent for the Future website
- My Liberty Mutual or Safeco representative
- Other?

In less than 400 words, please describe the agency or individual and explain why this nominee deserves to win an Agent for the Future award. What makes the agency or individual outstanding?

This section is an opportunity to give an overview of what makes you or your agency stand out. Not sure where to start? Take a moment to reflect on your agency over the past few years and ask yourself what you've done differently than other agencies and how it has made you successful. Below are examples from past award-winning applications. Remember, these are just to help kick-start your own ideas.

Past winners told us how they or their agency had:

- *Adopted innovative digital tools to streamline the customer experience, and built a video production studio in their office to enhance their digital marketing efforts.*
- *Created an empowering workplace culture by rethinking workplace structures and allowing more flexibility.*
- *Transitioned to being fully virtual and remote, while still creating excellent experiences for clients.*
- *Built a pipeline for the next generation of talent by creating more entry-level positions and educating people in different communities about the opportunities in insurance.*
- *Partnered with minority-owned agencies to help lead DEI efforts in the IA channel.*
- *Developed a program to help other independent agents learn best practices for digital marketing.*

In less than 200 words, tell us how the agency or individual has demonstrated what makes them outstanding within the last year. Please provide specific examples, anecdotes, metrics and/or results to show the impact.

This section gives you an opportunity to dig into a particular program, initiative or innovation and show the impact it's had. For example, perhaps you or your agency has:

- *Found a niche or broken into a new market, which has helped the agency grow by XX% year over year.*
- *Launched a mentorship program in your agency or community, which has helped members ...*
- *Built an insurtech tool that has helped you gain actionable insights from agency data.*
- *Created an AI chatbot for your website, which has created XXX new leads and saved your team time.*
- *Invested in your workplace culture and DEI efforts, helping with employee satisfaction and retention.*

In less than 200 words, tell us how the agency is planning to evolve over the next three years, or how the individual is hoping to evolve the agency. What steps or strategies are they taking today to get there?

We've covered where your agency is today – where do you hope to go tomorrow? Examples for this one may be similar to those listed above, but future-looking, with action steps for how your agency plans to achieve the vision.

In a couple of sentences, please answer the prompt: What advice would you give to other agents that want to become an Agent for the Future?

This response will be used for promotional purposes only.

For your application to be considered, you must submit at least one and up to three photos of your agency and/or the individual being nominated.
